I open the Omega Communications portal and greet you. Come with me on a continuation of our journey together. Come into the receiving space. Let it be filling your awareness. Allow it to create a sense of separation from your daily surroundings and allow it to fill you with the great peace of this space that we move into.

We wait together, as many others gather and assemble with us.

"Into this space I come and communicate with you dear one. Orem speaking. Again I address you as an individual within the gathered assembly and here it is that you are given your own messages that relate to you and your journey and all that is said to you will amplify to you the feelings you have had and will take you further if you open and allow all of the impulsive energy to be absorbed. The energy itself will be transmuted into a form of message that you can understand, into images you can recognise and feelings that you can acknowledge and respond to.

You are this intricate being receiving on multi dimensional layers and therefore you are able to promote yourself in different ways amongst those of us gathered here supporting you.

We therefore see the potential and where you would identify yourself in the aspect of life patterns and in ways of service. In this space you see, you are automatically presented as what is within you to be.

Therefore we can now bring you into a stronger connection into what we term the communication chamber and here in this vast area in the segments available to you, you will feel you are elevated into one space especially for you, as if the universe would open and present several beings of importance to you and they in turn will be giving you information to match your queries. Put aside how you would expect that information to be given to you. You are no longer contained and controlled by the conditions of Earth. Let the memory of information coming to you in different ways from different sources be strong around you.

Also at this time you will find the energy is filling you in such a way that you will feel relieved of many conditions. It is your right to come into the availability of energy presented through the universal matrix. It is through this that the energy is presented to you and this energy is the information, but also helps the absorption and adjustment of every process that keeps you functioning in wellness.

This is important at this time again for the reactions and responses within you to be solely dependant on the higher frequencies that you are immersed in, in these positions.

The process of evolvment that you are experiencing expands you and now this level is presented to you, that you are witnessing changes happening to the planetary structure and being.

As you stand and observe this, feel removed and distant so that no emotional aspect of you will identify with what is occurring on the Earth-plane.

This process is for you to take the opportunity to hand over all emotional processes to a greater level of existence who will recognise your responses and reactions, of course, to the living spaces you have known your entire life. This leaves you then available to draw more of the greater consciousness into you.

You have the capacity to allow the changeover to occur of many people from one support system, which has maintained them in an existence in a parallel way to the pathway that you have been on, and when you allow them to continue as they would wish, it gives you a greater clarity to be able to take on a greater strength and power identifying you with the same level of consciousness that we operate from. From this level of consciousness you are able to pour forth the energy that aligns particular pathways, keeping them clear, and this is the pathway that you are on already and that you are bringing the Earth-plane into. This pathway is then available to any others that correctly identify that there is a clearer pathway for them to move onto.

At this phase you will then understand you are not required to draw people into it physically, but you strengthen this pathway and pureness of identification to the universal matrix so that the pathway puts out a certain frequency that other people can perceive and feel themselves drawn into, when they have achieved a certain level of clarity themselves. We have referred you to this matter in other transmissions.

As you now move forward into this pathway which leads through the open portal, leading you to the Star Elders, you will find that you feel you have moved forward dramatically.

In this stage of ease and joyfulness, you become aware that what you have been doing on a daily basis has lacked a certain amount of that frequency of joy and you may have been troubled by occurrences and experiences around you.
